**SV** SEJIN VALVE EUROPE  
FOR WATERWORKS PURPOSES

Company thinking first of human being and nature.

## ABOUT US

With over 25 years of experience, Sejin Europe Valve stands out as a premier valve manufacturer on a global scale.

-By integrating Korean technology with professional expertise, our products consistently deliver the highest levels of trust and quality.

-We have 2 factories in Korea and 1 factory in Turkey.

**SEJIN EUROPE VALVE**

## OUR VISION

**Company thinking first of human being and nature**

Our company endeavor ceaselessly to develop new products and for quality improvement

Company thinking first of human being and nature.

# VALVE MANUFACTURER

## BUTTERFLY VALVE

DN50-3000

PN10-40

Material: Ductile Iron, Carbon Steel, Stainless Steel, Aluminum Bronze

Temperature Range: -20°C - 180°C

## CHECK VALVES

DN50 - DN2000

PN10 - PN100

Material: Ductile iron, cast steel, stainless steel, Connection: Wafer, lug, flange,

Temperature Range: -10°C -80°C

## AIR RELEASE VALVES

DN25 - DN400

PN10 - PN40

Material: Ductile iron, stainless steel

Connection: Wafer, lug, flange,

Temperature Range: -20°C - 120°C

## GATE VALVES

DN50-1200

PN10 - PN40

Material: Ductil iron, stainless steel

Connection: Wafer, lug, flange,

Temperature Range: -10 - 120°C

## AIR RELEASE VALVES

DN25 - DN400

PN10 - PN40

Material: Ductile iron, stainless steel

Connection: Wafer, lug, flange,

Operation: Lever, gear, various actuators,

Temperature Range: -20°C 120°C

## DISMANTLING JOINTS

DN80 - DN3000

PN10 - PN40

Material: Ductil iron, carbon steel, stainless steel

Connection: Wafer, lug, flange,

Operation: Lever, gear, various actuators

Temperature Range: -20°C - 120°C

## STRAINERS

DN80- DN1200

PN10 - PN100

Material: Cast iron, stainless steel, Carbon Steel, Bronze

Connection: Wafer, flange.

Temperature Range: -10°C - 80°C

# AREAS OF APPLICATION

**SEWAGE  
SYSTEMS**

**OIL AND  
GAS**

**POTABLE  
WATER**

**INDUSTRIAL  
SYSTEMS**

**IRRIGATION  
SYSTEMS**

**MARINE AND  
OFFSHORE**

**POWER  
PLANT**

# AREAS OF APPLICATION

**WATER  
TRANSMISSION**

**FIRE  
FIGHTING  
SYSTEM**

**PETROCHEMICAL  
INDUSTRY**

**COOLING AND  
HEATING  
APPLICATIONS**

**SHIPYARDS**
